

Greetings Members of the Policy Advisory Committee:

We have a very important assignment for committee members who are interested in helping review study proposals that come in through the Citizens League web form <http://www.citizensleague.net/study-proposal/>.

To help in reviewing study proposals does not require attending meetings, so for those of you who have wanted to be more involved but have difficulty with the meeting attendance; this may be your opportunity.

If you are interested, please send me an email with the following information:

- 1.) Policy areas where you have professional expertise or a professional interest
- 2.) Policy areas that you are particularly interested in, but do not have a professional interest
